Services

☐ Fiber – Dedicated Access ☒ Fiber – Point to Point

Armstrong shall provide exclusive rights to use the following megabits per second of bandwidth per school to Subscriber as follows:

<u>Megabits of Bandwidth</u>	<u>Location</u>
20	Lincoln County Board of Education, 10 Marland Ave., Hamlin, WV 25523
20	Hamlin PK-8, 8137 Park Avenue, Hamlin, WV 25523
20	Guyan Valley Middle, 700 St. Rt. 10 North, Branchland, WV 25506
20	West Hamlin, Route 1, Box 112, West Hamlin, WV 25571
10	Ranger, General Delivery, Ranger, WV 25557
20	Harts Intermediate, Route 1, Box 130, Harts, WV 25524

(10 MEG/MRC - \$1,225.00 and 20 MEG/MRC - \$1,470.00)

When connecting to a local area network ("LAN"), Armstrong will connect the service through a firewall device purchased by the Subscriber.

Subscriber has subscribed to Premium Fiber Services. Such Premium Fiber Services authorize Subscriber to host servers.

Activation and Acceptance

Following connection of the LAN, Armstrong shall conduct industry standard and commonly accepted tests of the data network to ensure proper operations. Upon successful completion of the test(s), Armstrong will provide Subscriber with a Notice of Operational Status (in substantially the form attached hereto as Exhibit B). In the event that Subscriber disagrees with Armstrong's determination that the data network is operational, Subscriber shall detail the deficiencies in writing and provide such notice to Armstrong within four (4) business days. If Subscriber fails to notify Armstrong of a deficiency within four (4) business days, then the data network shall be considered to be fully operational and accepted by Subscriber, as is, as of 12:01 a.m. on the fifth (5th) day following the date of the Notice of Operational Status.

EXHIBIT B

Form of Notice of Operational Status

Customer	Lincoln County Board of Education	Project	
Account ID #		Address	See Exhibit A
Account Exec		City	
Project Mgr	Robert Maker	State	
Activation Date	July 1, 2012
